**SUBJECT: INFORMATION DISCLOSURES STATEMENT**

Dear Sirs,

We are enclosing additional prior art(s) cited by China Patent Office during prosecution in relation to the Chinese application as follows. We have not found the listed prior art(s) here in USA IDS or USA prosecution history file.

**IBM DOCKET NO.: AUS9-2003-1045-CN1**

Cited Prior Art:

1 CN1017666B (US family: US4897638)	1992-7-29
2 CN1302010A	2001-7-4

CN1302010A Abstract:

The writing processing technology features that each hand written character consists of strokes in writing order and the strokes expressed by vector line and curve are stored, transmitted and output directly without being distinguished; that each hand written character is packed in united format including three sections of character head, code and compressed strokes. The present invention has the advantages of no limit of code space, no need of font and local language system, no need of complicated distinguish software, no duplication code, etc. The present invention may be used in treating any language and writing, and is suitable for use in portable communication

equipment, network and movable communication equipment, etc.

Country of Patent Application: People's Republic of China
